SCHOOLMARM WINS \$7,175 STAKES

Poor Lot of Fillies at Sheepshead Bay-The Eel Lowers Colors of Aileen Wilson-Detroit Drops a Game to Cleveland-Pittsburg A'so Beaten.

Sheepshead Bay, N. Y., Sept, 8.—
Schoolmarm, in the colors of J. A.
Bennett, won the great filly stake of \$7.175 here today. It was an extremely poor lot of two year old fillies that paraded for this rich stake. The six furlongs was run in 1.14, which is very slow. Sticker, on her good race in the Futurity, was always the choice at odds on, while Schoolmarm was well supported at 3 to 1. Flying Footsteps, 60 to 1, went out to make the pace and continued to lead to the elbow, when Sticker and Schoolmarm passed her. All through the final furlong it was a hard drive between Schoolmarm and Sticker. In the last sixteenth Schoolmarm gradually forged into the lead and won going away by two lengths.

Woodcraft in winning the third race made a new track record for a mile and sixteenth by stepping the distance in 1.45 2.5 which is a fifth of a general. sixteenth by stepping the distance in 1.45 2-5, which is a fifth of a second faster than the best previous record.

New Haven Mare Beaten Out in the Stretch-Runners at Charter Oak

ing at Charter Oak park diminished the interest, but the sport was good nevertheless.

Beginning tomorrow runners from Sheepshead Bay and other tracks will provide the sport on the track in connection with the state fair.

The best performances today were by Ella Ambulator. Carroll and The Eel, the last mentioned winning the free for all pace and purse of \$1,000. The only opponent to The Eel was the New Haven mare, Alieen Wilson. The latter put up a good race, going neck and neck most of the way, but being unable to respond to a spurt in the home stretch. It was a royal battle except for the last eighth in each heat. In the 2.09 pace Ella Ambulator and king Cole went four heats for first money, but the mare was too fast for her opponent except in the first heat. Sicilian King was withdrawn from this event, having gone lame.

The 2.10 trot was won in straight beats by Carroll against five other horses. Alice Roosevelt, Prince C, and Henry Setzer were withdrawn as starters.

Henry Setzer were withdrawn as start-

ers.

The ban on pool selling is looked upon as having diminished the interest in the meeting this season, many horsemen declining to ship their horses have after having entered them.

PRICE MOVEMENT CONFUSED.

Reflection of Contradictory Reports

from Harriman's Bedside.

New York, Sept. 8.—The speculative temper still showed a state of high strung sensitiveness to news from the bedside of E. H. Harriman and the various price fluctuations of stocks during the day were the faithful reflection of nothing but the advices which filtered through from the house on the top of the Ramapo Mountains into the region of the financial market. The news was exceedingly meagre and some of it contradictory. The price movement herefore was confused and subject to shifts in the current, with subsidence between times to a condi-

and some of it contradictory. The price movement herefore was confused and subject to shifts in the current, with subsidence betwen times to a condition of practical stagnation in an attitude of waiting for more definite developments. The limited volume of the transactions suggested that large ceprators are, as a rule, keeping out of the market, with the surpose of letting it find itself. The day's dealings were clearly made up in large part of professional transactions of secondary importance. That the condition of the sick mancier was regarded as grave was obvious from the close attention paid to all news in the subject and to the growing disposition amongst financial associates to recognize the fact with more candor in their discussion for publications. It was considered that this policy was calculated to lessen the danger of shock from possible bad news. It was pointed out also that the absence of the guilding head of the Harriman properties from close application to their direction had been long enough now to demonstrate the capacity of the organization to run with the substitute forces provided. Insurance against the future is sought in all cases. This line of discussion fostered the growing inclination to question whether speculative markets were not iending undue importance to the limmediate news features of the sick bed bulletins. The character of the crop news for some time past has paved the way for the poor showing of the government crop report published today. The fact that both corn and wheat advanced after the publication of the report was taken as evidence that the previous rise in prices had not adequately discounted the failing off in condition of corn and spring wheat. The growing money requirements of the interior are reflected in demands on the New York banks and in the failing off in condition of corn and spring wheat. These factors may have influenced the heavy undertone of stocks, but they did not prevent the early advance when Mr. Harriman's state was reported improved. nor a sharp reco

ed, nor a sharp recovery when his physician again announced that he was better. Bonds were easy. Total sales, par value, \$2,878,000. United States bonds unchanged on call.

"Ty" Cobb was born in Georgia and early decided to be a semi-professional ball player. The difference between a professional and a semi-professional is that the former has a stated salary and always gets it, while the latter takes what he can get when he can get it. Young Cobb walked gix miles in the flot sun to play his first "money" game. When the receipts had been counted, Cobb's share was one dollar and twenty-five cents. He walked six miles to his home and on the way decided that there was a future in professional baseball.

decided that there was a future in professional baseball.

The Charleston team secured him. He was a wild erratic youngster who could bat like a demon, but never knew when to stop running bases. It is just as importent to know when to stop running as it is to know when to begin. He gained the reputation of a crazy base runner and Charleston let him go to Augusta for \$150 and was glad to get the money. Augusta tried him and found the same fault. He could hit, but he was wild and discipline irked him. He was a firebrand on the team and he would fight on the field or off. Ty won and lost several. on the team and he would fight on the field or off. Ty won and lost several battles with the Augusta players and then the management sold him to Detroit for \$700—the greatest bargain in the history of the game.

In Detroit, young Mr. Cobb, the firebrand found men who made baseball a study. It was a slugging team, but mixed with the hitting was the judgment which wins games. The players took a hand in tamin gthat hot southern blood. They argued with him, but

took a hand in tamin gthat hot south-crn blood. They argued with him, but as Ty would rather fight than argue, most of the debates ended on the floor of the dressing room. Those cool, sea-soned veterans of the Tiger team knew that in Cobb they had a phenomenon, so they went at him methodically, lit-erally "licking him into shape." Most of them fought him more thin once. Even to this day McIntyre plays left-field and Cobb rightfield because it is necessary to keep these two stars as far apart as possible. Cobb has lost most of his rough edges. He has gone most of his rough edges. He has gone out of the rough-and-tumble business; he sheds no more blood in deferme of

his principles.

He is as fast as a thunderbolt on He is as fast as a thunderbolt on the lines and the most daring man on a slide that baseball has seen in many a day. His slim, wiry legs are covered with bruises from April until October and he is always slightly lame until he hits the ball; then he forgets his soreness. Absolutely fearless, of great hitting ability and a fighter ever inch, Cobb is one of the great drawing cards in the baseball of today.—From in the baseball of today.—From "Basaeball as the Bleachers Like lit." in the Outing Magazine.
